Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Harrodsburg Water Meter Replacement project in fiscal year 2027. The entity to receive funding for this project is City of Harrodsburg located at 208 South Main Street Harrodsburg, Kentucky 40330.

The funding would be used to excavate and replace aging water meters, setters, and service lines throughout the city.

The project is an appropriate use of taxpayer funds because it would improve the reliability, accuracy, and safety of the City's drinking water system while advancing important public health and regulatory goals.

This project has a federal nexus because it is for the purposes authorized in Section 1452 of the Safe Drinking Water, Transmission and distribution (Water meters).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
