Dear Dr. Johnson:

I am writing in support of the Chrysalis House's application to SAMHSA for a grant entitled: Services Grant Program for Residential Treatment for Pregnant and Postpartum Women

Drug abuse has reached epidemic proportions in Kentucky. If awarded, this funding will enable Chrysalis House to expand comprehensive treatment, prevention and recovery support services for women and their children in residential substance use treatment facilities, including services for non-residential family members of both the women and children.

I hope this proposal receives full and fair consideration under the grant making guidelines. This grant will allow the Chrysalis House to expand the important services they provide to women and children impacted by the drug epidemic in my district. If you have any further questions, please contact Alyshia Powell in my office at (859)219-1366.

Sincerely,

A handwritten signature in blue ink that reads "Andy Barr".
