RE: Funding for Bourbon County Recreation Complex

Dear Congressman Barr:

I am writing to share my strong support of the Bourbon County Fiscal Court's application for Federal Funding for Infrastructure Projects for the new Multi-Purpose Recreation Complex on Millersburg Road.

Judge Williams and the Fiscal Court have been working on this project for nearly eight years to enhance the quality of life for all Bourbon Countians and to strengthen the economic development potential for the county and the region. While the Master Plan for developing the property at an overall cost of over \$40 million is a huge challenge, the initial phases of the project that require investment in infrastructure are the most immediate tasks, and vital to being able to move forward with the greater final development. The planning process has produced very sound infrastructure design, and partnership with the City of Paris for vital utilities resources has positioned Bourbon County to be ready to take these important steps to get the project moving forward. Please consider giving your support to this project that will improve the quality of life for Bourbon County citizens and enhance the economic impact of our county as well as other communities in the 6th Congressional District.

Sincerely,

RE: Funding for Bourbon County Recreation Complex

Dear Representative Barr:

I am writing to express my support for the Bourbon County Fiscal Court's application for federal funding of infrastructure projects at the new multi-purpose recreation complex. This project on Millersburg Road will improve the quality of life for Bourbon County residents.

The planning process has produced sound infrastructure design and a partnership with the City of Paris for vital utilities resources. At this point, infrastructure investment is the most immediate task to keep the overall \$40 million project moving forward. Judge-Executive Mike Williams and the fiscal court have the project positioned to take these important next steps forward.

I am pleased to offer my support for the project. Thank you in advance for your consideration. If I can be of any assistance, please do not hesitate to contact me at 502-564-8100.

Sincerely,
