To Whom It May Concern:

It is my pleasure to write a letter of support for the proposal being submitted on behalf of the Harrodsburg Police Department for funding assistance in the purchase of updated less lethal weapons systems.

Harrodsburg is currently moving forward with the creation of a new industrial site. This will create opportunities for our community by supporting its growth and prosperity. The issuance of updated, reliable equipment will allow for the defense of our citizens while enabling a reduced level of force when gaining control in hazardous incidents. This will further instill in those we serve a confidence in our department of a concern for all we serve, including those engaging in behavior requiring an escalated level of response.

In conclusion, I fully support the efforts of the Harrodsburg Police Department as they seek funding for the upgrades to their equipment. Any purchases that will further the ability of our officers to maintain the safety of our citizens, as well as their fellow officers, are a success for not only the officers themselves but for each member of the community.

Sincerely,

Scott Elder
