Congressman Andy Barr
Lexington District Office
2709 Old Rosebud Road, Suite 100
Lexington, KY 40509

Subject: ECWD No. 1 Project Continuation, *Water System Improvements*

Dear Congressman Barr,

I hope this letter finds you well. I am writing in support of the Estill County Fiscal Court for the continuation of the Estill County Water District No. 1 Phase 12 project of *Water System Improvements*. The project involves the replacement of approximately 770LF of 2-inch water line at the Kentucky River Park. In addition, the project includes the rehabilitation of the Sand Hill Tank and the Winston Tank. The project also includes replacement of the Ivory Hill Pump Station, Sandhill Pump Station and Pea Ridge Pump Station.

The Kentucky River Recreational Park at Wiseman's Crossing is a valuable resource for our community. It has developed greatly over the past year with equipment for children and activity-based events for families. The Tank/Pump Stations will supply residents with adequate water services. During these improvements, water lines being serviced are for short connections at these pump station and tank locations.

Thank you for your assistance in the past and Estill County appreciates being considered for an appropriation for Phase 12 Project of *Water System Improvements*. If you have questions or I can be of further assistance, please contact the office 606-723-7524.

Sincerely,

Donnie Watson
Estill County Judge Executive

Subject: ECWD No. 1 Project Continuation, Water System Improvements

Dear Congressman Barr,

We are hoping that this letter finds you well. We are writing in support of the Estill County Fiscal Court for the continuation of the Estill County Water District No.1 Phase 12 project of Water System Improvements.

The Estill County Senior Citizens center is a home away from home for the senior citizens in our community and the improvements of the water system would greatly impact the lives of these wonderful ladies and gentleman that have spent their whole lives here in Estill County. Not only will it improve water quality throughout the county and here at the center, but it will also open up more opportunity at the Wiseman crossing park so that we can spend more time out there enjoying the beautiful development at the park.

We are hoping that after consideration that we will receive the appropriation for the upgrades and improvement needed in the Water System. This is something to benefit our county and seniors for years to come.

Sincerely,

B.J. McGee
Director
Estill County Senior Citizens Center
(And all participants and staff here at the center)

Subject: ECWD No. 1 Project Continuation, *Water System Improvements*

Dear Congressman Barr,

I am writing in support of the Estill County Fiscal Court for the continuation of the Estill County Water District No. 1 Phase 12 project of *Water System Improvements*. The project involves the replacement of approximately 770LF of 2-inch water line at the Kentucky River Park. In addition, the project includes the rehabilitation of the Sand Hill Tank and the Winston Tank. The project also includes replacement of the Ivory Hill Pump Station, Sandhill Pump Station and Pea Ridge Pump Station.

Kentucky River Foothills will soon begin construction of Garden Place Apartments, located on Tyler Lane. This \$9,000,000 project will provide 30 housing units for low income seniors, with supportive services provisioned. The Tank/Pump Stations will supply adequate water services for this project. During these improvements, water lines being serviced are for short connections at these pump station and tank locations.

Thank you for your continued assistance in supporting projects and funding for Estill County. We also appreciate being considered for an appropriation for Phase 12 Project of *Water System Improvements*. If you have questions or I can be of further assistance, please contact the office 859-624-2046.

Sincerely,

David Estep

Subject: ECWD No. 1, Phase 12 Project Continuation, *Water System Improvements*

Dear Congressman Barr,

Cooperative Extension is a part of the University of Kentucky College of Agriculture, Food & Environment and serves as an educational outreach for all 120 Kentucky counties. Our mission is to make a difference in the lives of Kentucky citizens through research-based education. Jointly with our other land-grant partner, Kentucky State University, we take the University to the people in their local communities, addressing issues of importance to all Kentuckians.

We are writing in support of the Estill County Fiscal Court for the continuation of the Estill County Water District No. 1, Phase 12 project of *Water System Improvements*. This project will provide much needed rehabilitation and improvements to the water system to supply Estill County residents with adequate water services.

Thank you for your consideration and support of Estill County.

Sincerely,

Subject: ECWD No. 1 Project Continuation, Water System Improvements

Dear Congressman Barr,

I am writing in support of the Estill County Fiscal Court for the continuation of the Estill County Water District No. 1 Phase 12 project of Water System Improvements. The project involves the replacement of approximately 770 linear feet of 2-inch water line at the Kentucky River Park. In addition, the project includes the replacement of the Ivory Hill Pump Station, Sandhill Pump Station and Pea Ridge Pump Station.

The replacement of these pumps at Ivory Hill, Sandhill and Pea Ridge will be of great benefit for the Fire Department and the citizens of those areas. This will increase the pumping capacity in those areas and homeowners' insurance rates are based the ISO ratings (Insurance Service Office). With the replacement of these pumps this will ensure the citizens in those areas will maintain lower insurance ratings. This is due to the fact that 40% of the ISO grade coming from the Water District's pumping capacity. It will also provide the Fire Department with the needed water supply to protect the citizens of Estill County.

Thank you for your all your assistance you have helped with in the past and Estill County appreciates being considered for an appropriation for Phase 12 Project of Water System Improvements. If you have any questions or I can be of any further assistance, please contact me at 606-723-2661.

Sincerely,

Derrick Muncie

Dear Congressman,

As a resident within the Estill County Water District Number 1, I am writing in support of the Estill County Fiscal Court in their effort for the continuation of the Water District No. 1 Phase 12 project of *Water System Improvements*. This project includes the replacement of the Ivory Hill Pump Station, the Pea Ridge Pump station, and the Sandhill Pump station. It also includes the rehabilitation of the Ivory Hill Pump Station. Another very important part of this project is the replacement of approximately 770 LF of 2-inch water lines in the Kentucky River Park. The Kentucky River Recreational Park at Wiseman's Crossing is an outstanding and valuable resource for Estill County that includes equipment for children and activity based events for families.

As a former teacher, principal, instructional supervisor and superintendent in Estill County, I know that a large percentage of our students and families are served by Water District Number 1 and these improvements are vital to the welfare and well-being of those students and families. As our representative, your assistance and continued support for Estill County and this project is extremely important and valued to the residents of Estill County and for this project in particular.

Respectfully,

Thomas Bonny

Subject: ECWD No. 1 Project Continuation, Water System Improvements

Dear Congressman Barr,

I am writing in support of the Estill County Board of Education for the continuation of the Estill County Water District No. 1 Phase 12 project of *Water System Improvements*. The project involves the replacement of approximately 770LF of a 2-inch water line at the Kentucky River Park. In addition, the project includes the rehabilitation of the Sand Hill and Winston Tanks. The project also includes the replacement of the Ivory Hill, Sandhill, and Pea Ridge Pump Stations. These Tanks/Pump Stations will supply residents with adequate water services. These water improvements will also help improve water quality and provide adequate water services for our schools.

The Kentucky River Recreational Park at Wiseman's Crossing is a valuable resource for our community. It has developed greatly over the past year, with equipment for children and activity-based events for families. This park is where we practice for the district. Improving the water supply will aid in future restrooms and water fountains.

Thank you for your assistance. We appreciate being considered for an appropriation for the *Phase 12 Project of Water System Improvements*.

Sincerely,

Charlie Brock

RE: ECWD No. 1 Project Continuation, *Water System Improvements*

Dear Congressman Barr,

This letter is meant to express full and heartfelt support on behalf of Estill County 21st Century, Inc. d/b/a Estill Development Alliance for the continuation of the Estill County Water District No. 1 Phase 12 project of *Water System Improvements*. The project involves the replacement of approximately 770LF of 2-inch water line at the Kentucky River Park. In addition, the project includes the rehabilitation of the Sand Hill Tank and the Winston Tank. The project also includes replacement of the Ivory Hill Pump Station, Sandhill Pump Station, and Pea Ridge Pump Station. As a 501(c)(3) nonprofit organization focused on community and economic development for our community, these infrastructure improvements are in line with our mission of improving the lives of the people of Estill County.

The Kentucky River Recreational Park at Wiseman's Crossing is a valuable resource for our community. It has developed greatly over the past year with equipment for children and activity-based events for families. The Tank/Pump Stations will supply residents with adequate water services. During these improvements, water lines being serviced are for short connections at these pump station and tank locations.

Thank you for your assistance in the past and the board of directors of Estill Development Alliance appreciates Estill County being considered for an appropriation for Phase 12 Project of *Water System Improvements*. If you have questions or I can be of further assistance, please contact me at joe@estill.org or 606-723-2450.

Sincerely,

Dear Andy,

On behalf of the bank and myself, I wanted to thank you for the extremely hard work that you do for the citizens of the Sixth District.

I am writing in support of the Estill County Fiscal Court for the continuation of the Estill County Water District No. 1 Phase 12 Project of Water System Improvements. These improvements will touch many parts of Estill County and will improve the lives of our citizens. Furthermore, these improvements will enable the county to provide recreational opportunities for our youth. I am also a resident of Estill County Water District No. 1 and will personally benefit from these improvements. Again, I am very proud of you and what you stand for. If I can ever be of assistance to you, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Michael Wilson".
