To Whom This May Concern:

It is my pleasure to write a letter in support of the proposal for the Safety Grant being submitted for Menifee Central.

I am the Secretary for the Frenchburg-Menifee Chamber of Commerce and a former student and parent of a student, from the Menifee County School District. As a Chamber member and a Menifee County life-long resident, I can say that I am very proud of the hard work and dedication from all involved in making Menifee Central a dream come true for our community. With that being said, I also have a concern for the safety of the students and staff at the new School. With this Grant, safety concerns can be met with the card access outside doors and the safety cameras to watch and record any activities that may take place. With this Grant, Menifee Central will be a safe and nurturing place for our students to learn and be cared for.

In conclusion, I fully support the efforts of the Menifee County School District as they seek external funding to support the safety needs for Menifee Central. It is of great importance that these needs be met to help to keep our children and staff of our community safe and sound. Any funding that can help keep all of those above safe will benefit our students, staff, campus, safety personnel, and the community at large.

Sincerely,
